(Smt. C. Nagamma Keshava Murthy)

(b) if so, the reason for the delay in the matter even though the Regulated Market Committee has agreed to give 6 acres of land for this scheme ?

Sri N. CHIKKE GOWDA (Minister for Agriculture and Animal Husbandry).—

(a) There is no such proposal to expand the existing Regional Poultry Farm. Since the Veterinary Dispensary and the Poultry Farm are situated within the same Compound, Government are considering the advisability of shifting the Poultry Farm to a separate site.

(b) The Agricultural Produce Market Committee did not agree for giving the land free of cost and the existing financial stringency does not permit heavy investments en purchase of the land. The proposal for the purchase of land has been therefore deferred for the present.
